### **SIMPLE, STRAIGHTFORWARD PRICING**

No Sales Pressure. No crazy specials that only allow you to choose one photo for all your prints. Our low sitting fee of \$29.95\* includes your time in the studio, multiple poses, and up to two backgrounds. Extra shots for different subjects or outfits can be added to your sitting for \$10.95. After your sitting, you'll receive printed 4x6 proofs that are yours to keep. For additional prints you choose the poses, sizes and quantities you want starting at \$9.99 per sheet.

### **FLEXIBLE ORDERING PROCESS**

With our studio, you don't have to decide "on the spot" what to order. Take your proofs home and share them with others. Order what you want, when you want. We keep all your photos on file for 60 days. We also offer options for online ordering and viewing so that your sitting can be shared with long distance friends and family.

After you order, finished portraits are pre-cut and ready for pickup within 3 - 5 business days. Digital images are available too. A high resolution CD of your session is FREE with a minimum print purchase.

### **CREATIVE OPTIONS**

In addition to a variety of props and backgrounds we also offer creative options such as birth announcements, photo gifts, and photo greeting cards.
